Project Applicant: City of San Luis Obispo – Freddy Otte

Applicant's Agent: Terra Verde Environmental Consulting, LLC – Brooke Langle

Project Name: Bullock Lane Culvert Replacement Project

Receiving Water: Orcutt Creek

City/County: San Luis Obispo / San Luis Obispo

Public Notice: February 7, 2020 – February 28, 2020

Project Description:

The purpose of the proposed project is to replace a failing culvert on Bullock Lane in San Luis Obispo, CA.

The proposed project activities include:

- Removing a failing corrugated metal pipe culvert on Bullock Lane near Willow Circle;
- Replacing the culvert with a high-density polyethylene culvert or similar material culvert using open trench construction;
- Removing existing head walls within the drainage;
- Installing two new concrete head walls 15 feet back from the existing structures;
- Placing drain rock over the filter fabric in the bottom of the channel at the outlet of the pipe; and
- Re-grading the outlet channel to soften the slopes; and
- Adding erosion control fabric to the newly graded slopes.

No mitigation is proposed.

The City of San Luis Obispo determined the project to be Categorically Exempt from the California Environmental Quality Act.
